Date: April 20, 2016
Attention: Manitoba ag-retailers
Re: Simplified process for non-deposit bulk pesticide containers starts May 1

CleanFARMS is pleased to announce that Manitoba ag-retailers can now use a single service provider to pick-up all non-deposit bulk pesticide containers.

Who will be picking up non-deposit bulk pesticide containers?

Gardewine will pick up containers starting May 1, 2016. CleanFARMS will oversee this on behalf of the manufacturers involved.

What you need to do:

1. Register for the online dealer request system.

This allows you to quickly request & track pickups.

- Click on or copy and paste the link below into your browser:
<https://collection.cleanfarms.ca/Main/signup.aspx>
- Enter some standard information about your location.
- Wait for your confirmation email. This will arrive within 2 business days.

2. Download the [Bulk Container Fact Sheet](#).

- This explains what Gardewine will and will not pick up through this program. Share this with your warehouse team.

3. Mark your calendars for May 1st

- Make sure you have access to the [online dealer request system](#) and refer to the [Bulk Container Fact Sheet](#) to know who to contact for bulk containers.

Program basics:

- Farmers are told to return all bulk pesticide containers to their retailer.
- Minimum of 25 non-deposit bulk containers per pickup.
- Ensure all non-deposit containers are kept separate from the deposit containers. Continue to call the manufacturer for pickup of deposit bulk containers.

Sincerely,

Shane Hedderson
Operations manager
