WHAT'S IN

- Unwanted or "obsolete" agricultural pesticides (identified with a Pest Control Product number on the label).
- Livestock medications that are used by primary producers in the rearing of animals in an agricultural content (identified with a DIN number, Ser. Number or Pest Control Product number on the label).

WHAT'S OUT

- Fertilizer, diluted solution, large quantities of unopened product, and treated seed.
- Needles/sharps, medicated feed, aerosol containers premises disinfectants/sanitizers, veterinary clinic waste and medications, ear tags, and aerosols.
- Any other household hazardous waste

Remember to implement biosecurity practices upon returning to your farm after participating in the Cleanfarms obsolete collection program.

If you are unsure whether your product is eligible for disposal, contact Cleanfarms or communicate with your provincial specialists:

Susanne Tilley, Pesticides Application Specialist, 709-729-6054
Leah Madore, Pest Management Specialist, 709-686-2702 ext 232

Next collection in 2022.
