

2021 Saskatchewan Environmental Handling Fees (EHFs) for grain bags

As of November 1, 2018, farmers who buy or import grain bags in Saskatchewan started paying a non-refundable Environmental Handling Fee (EHF) at time of purchase to fund a grain bag recycling program. It is based on the weight of the grain bag and is 25 cents per kilogram. The EHF covers the cost of recovering and recycling the plastics into new products like plastic bags.
