

# Aiming for 100% in 2023

Recycle EVERY bag, container and tote

**Bags**  
(seeds, pesticides, fertilizers)

**Jugs <23 l**  
(pesticides and fertilizers)

**Totes (>23 l) non deposit**  
(bulk pesticides and fertilizers)

**1**

## Empty

Empty all bags completely.

**2**

## Bag/Bundle

- Small bags: put them in an AgriRECUP collection bag and close tightly.
- Large bulk bags: stack 5–6 bags, roll and tie.

**3**

## Return

Return properly prepared materials to participating retailers. Check beforehand which materials they accept.

## Rinse

Triple rinse or one rinse under pressure. Then drain.

## Remove & Bag

Remove the caps and booklets. Bag in an AgriRECUP collection bag and close tightly.

## Drain

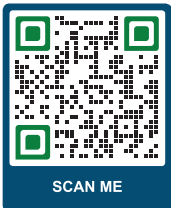

Rinse and drain. Make sure less than one inch of product remains.

## Close

Keep all caps and closures in place. Do not remove the metal frame from the 1000 l tanks.

## Important

- Bag the seed treatment containers in a separate AgriRECUP collection bag.
- Collect and store pesticides until the next collect in your area.
- AgriRECUP collection bags are free of charge at participating retailers.
