

Got Unwanted, Old, Used Miticide Strips?

SASKATCHEWAN BEEKEEPERS – If you have used or unwanted miticide strips, please store and then bring them to a Cleanfarms unwanted, old pesticides & livestock/equine medications event for safe disposal.

Fall 2023 – Collections in Southern Saskatchewan

Fall 2024 – Collections in Northern Saskatchewan

Collect and Store Your Used/Unwanted/Obsolete Pesticide & Miticide Strips

PREP STEPS

- 1. GATHER** – These collection events take place in the same regions every three years. For future events, please store unwanted miticide strips in a sealable spill-proof container or Cleanfarms collection bag, indoors in a dry, enclosed environment.
- 2. RETURN** – Check Cleanfarms.ca to find where & when you can return eligible products to a Cleanfarms collection site.

Check Cleanfarms.ca or call 1-877-622-4460 this summer for Fall 2023 and 2024 collection event dates.

The next collections take place in Southern Saskatchewan (south of Davidson) in 2026 and in Northern Saskatchewan (north of Davidson) in 2027.
