

Bring them back!

Return empty ag packaging

Seed, pesticide & inoculant bags & large tote bags

1 Empty

Ensure bags are completely empty.*

2 Bag/Bundle

Obtain free collection bags from ag retailers.

- **Small bags** (<100kg) – place in collection bag. When full, secure with twine or zip tie to prevent rain from getting into the bag.
- **Large bulk bags** (>100 kg) – flatten & fold into bundles of 5 or 6. Tie with twine.

3 Return

Return properly prepared materials to participating retailers. Check beforehand which materials they accept.

Pesticide and fertilizer containers up to 23L

1 Rinse/Remove

Triple or pressure rinse to ensure no product is wasted. Remove and discard booklets and caps.

NEW!

2 Bag

Obtain free collection bag from ag retailer.** Place emptied and rinsed containers into the bag to return.

Pesticide and fertilizer totes & drums

1 Drain

Drain & rinse (where possible) to ensure no more than 1" of product remains.

2 Close

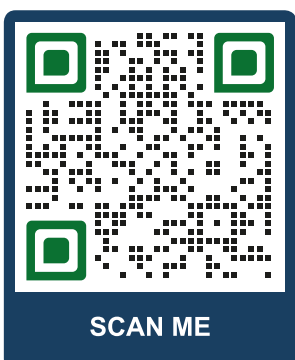

Keep all caps and/or closures in place. Do not remove cages from 1,000 L totes. Ask ag retailer if fertilizer totes are accepted.

Remember

*In PEI only, fertilizer bags are accepted at designed collection sites during July and August. Please save fertilizer bags till then.

****NEW!** Cleanfarms collection bags will be provided for returning small containers to ag retailers.

- Store unwanted pesticides and old livestock/equine health medications safely until the next designated collection event; returning to Nova Scotia & New Brunswick in fall 2024.
- Please check Cleanfarms.ca to see when these special collections are in your region.
