

Let's make it to 100% in 2024

Recycle every bag and container!

Pesticide and fertilizer containers up to 23L

Pesticide and fertilizer totes & drums

Seed, pesticide & inoculant bags & large tote bags

Important

- Return containers 23L & smaller and seed, pesticide & inoculant bags in Cleanfarms collection bags.
- Get free collection bags from your local ag retailer or seed dealer.

1
2
3

Rinse

Triple or pressure rinse to ensure no product is wasted.

Remove/Bag

Remove paper booklets (and discard), bag containers & tie closed.

Return

Return properly prepared materials to your participating ag retailer or seed dealer. Check first to confirm which items they accept.

Drain

Thoroughly rinse drums & totes to ensure no product is wasted.

Close

Keep all caps and/or closures in place. Do not remove cages from 1,000L totes.

Empty

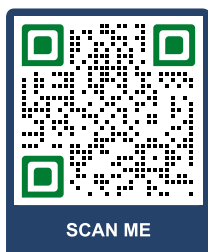

Ensure bags are completely empty.

Bag/Bundle

Bag small bags & tie closed. Bundle tote bags & tie with twine.

Remember

- Seed treatment containers must be bagged separately.
- In Alberta & Manitoba, most municipal collection sites stop accepting containers 23L & smaller by the end of 2024 or earlier. Take empty containers to your local ag retailer or seed dealer for recycling. Contact Cleanfarms with any questions.
- Large acreage farms may be eligible for free on-farm container pickup. Volume requirements apply. Contact Cleanfarms for more information.
- Store unwanted pesticides and old livestock/equine medications safely on farm until the next designated collection event. Please check Cleanfarms.ca to see when these special collections are returning to your region.
