

# Bring them back!

## Return empty ag packaging

Seed, pesticide & inoculant bags & large tote bags

### 1 Empty

Ensure bags are completely empty.

### 2 Bag/Bundle

Obtain free collection bags from ag retailers.

- **Small bags** (<100kg) – place in collection bag. When full, secure with twine or zip tie to prevent rain from getting into the bag.
- **Large bulk bags** (>100 kg) – flatten & fold into bundles of 5 or 6. Tie with twine.

### 3 Return

Return properly prepared materials to participating retailers. Check beforehand which materials they accept.

Pesticide and fertilizer totes & drums

### 1 Drain

Drain & rinse (where possible) to ensure no more than 1" of product remains.

### 2 Close

Keep all caps and/or closures in place. Do not remove cages from 1,000L totes; otherwise, they won't be accepted.

Pesticide and fertilizer containers up to 23L

### 1 Rinse

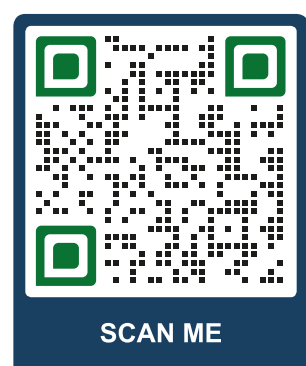

Triple or pressure rinse to ensure no product is wasted.

### 2 Remove & Bag

Obtain free collection bags from retailers. Remove and discard booklets and caps, bag containers. Important: close securely to prevent rain from getting into the bag.

## Remember

- Store unwanted pesticides and old farm animal health medications safely until the next designated collection event.
- Please check [agrireкуп.ca](http://agrireкуп.ca) to see when these special collections are returning to your region.
- Check [agrireкуп.ca](http://agrireкуп.ca) to see what other ag plastics AgriRECUP collects in Quebec.
