Saskatchewan: Northern
Nova Scotia
New Brunswick

Collect and Store Your Used/ Unwanted/Obsolete Pesticide & Miticide Strips

PREP STEPS

- 1. GATHER** – These collection events take place in the same regions every three years. For future events, please store unwanted miticide strips in a sealable spill-proof container or Cleanfarms collection bag, indoors in a dry, enclosed environment.
- 2. RETURN** – Check cleanfarms.ca to find where & when you can return eligible products to a Cleanfarms collection site.
